

Top collector

The heirs of [Silvio Berlusconi](#) inherited billions from his empire but now they are faced with a dilemma: what to do with his vast collection of mostly worthless artwork, including paintings of nude women and the Madonna, stored in a warehouse opposite his home near Milan.

The former prime minister, who [died in June](#) at the age of 86, reportedly amassed the 25,000 works during the final years of his life, buying the majority from late-night shopping channels in his quest to become a top collector.
